

Solufeed Sea-King

Crop Quality Enhancer

Calcium and magnesium with organic fulvic acid and organic *Ascophyllum* seaweed extract.

Uses

A nutritional supplement to boost crop quality and plant health.

Benefits

- Strengthens cell walls to provide firmer produce with a longer shelf life.
- Develops deep green foliage to maximize photosynthesis.
- Allows roots to absorb nutrients more efficiently.
- Feeds beneficial bacteria in the root zone that are working to protect and feed the plant.
- A natural biostimulant to maximize plant development and harvest yield.

Chemical/physical data

Analysis:	w/w %	w/v%
Nitrogen (N)	7.4	9.9
Magnesium as MgO	3.7	5.0
Calcium as CaO	8.3	11.2
Natural fulvic acids	1.4	2.0
<i>Ascophyllum</i> extract	3.6	5.0

Appearance: Brown opaque free flowing liquid

Directions for use – Foliar Application – Tractor sprayer

Crop	Timing	Rate of Application	Water volume
Apples	Apply from petal fall and repeat at 10 – 14 day intervals prior to harvest.	7.5 – 10 litres per hectare.	Depending on tree size. Apply sufficient water to reach run-off.
Strawberries	Apply from start of flowering. Repeat at 10 – 14 day intervals as necessary.	2.5 litres per hectare for maintenance. 5.0 litres per hectare for deficiency.	500 – 100 litres per hectare.
Carrots	2 – 3 applications at 10 – 14 day intervals as necessary.	5.0 litres per hectare.	500 – 100 litres per hectare.
Lettuce	Early application is important. Start applying prior to head formation and repeat every 10 – 14 days as necessary.	5.0 litres per hectare.	200 litres per hectare.
Potatoes	Apply as required.	5.0 litres per hectare.	200 litres per hectare. Increase volume as necessary to ensure good coverage of the haulm.
Other crops	Early application is important. Start applying prior to head formation and repeat every 10 – 14 days as necessary.	5.0 litres per hectare.	200 litres per hectare.

Directions for use – Foliar Application – Knapsack sprayer

50 ml per 10 litres of spray solution and spray to run off.

Directions for use – Fertigation

Add to irrigation water at the rate of 1 litre of Solufeed Sea-King to 1,000 litres of irrigation water. Use with every irrigation of the crop.

General information

Pack sizes: 1 litre & 10 litre

**Harmonised
Tariff No:** 28342980
